You Are A Steel Trap For Information With High Social Acumen

TOP STRENGTHS: Independence Memory Social Flexibility Assertiveness

You have an incomparably valuable asset – a mind that doesn't forget! When you take in information, you retain it. Even you are surprised sometimes by the things you can pull out of your storage banks, seemingly on demand. You can rely on this skill to help you through so many important aspects of life: school, work, and helping others in so many ways. Don't take this incredible gift for granted!

You are at your core a social being and generally love to be around others. Most would describe you as being fun to be with, outgoing, and approachable. You enjoy social situations and others may look to you to be the social cruise director. You can usually read a room and know what to say, when, and to whom. You just have that good social sense and can pick up on social cues. You are considered a friend and are well liked by most everyone who meets you!

Click on “Pathways”

The screenshot shows the Thrively teacher dashboard. On the left sidebar, the 'Pathways' menu item is circled in red, with a red arrow pointing to it. The main content area displays a welcome message for Brianna at Lexington Junior High (44), along with buttons for 'My Class', 'My Playlists', and 'My Portfolio'. Below this is a blue banner with a lightbulb icon and the text: 'Now that your students have discovered their strengths, use the Getting Started playlist to personalize your classroom to their strengths!' with a 'Dismiss' button. The main section is titled 'Official Thrively Assessment Profile' and features a heading: 'You Are Assertive With An Impressive Flexibility And Remarkable Resilience'. Below the heading are 'TOP STRENGTHS: Assertiveness Flexibility Resilience Worldly Compassion'. The profile text describes the user's strengths in being assertive, flexible, and resilient.
